

PROGRAM PARTNERS

TOUCHSTONE HEALTH SERVICES

All Maggie's Place moms living in one of our four residential shelters are paired with a counselor through Touchstone Health Services. Counselors provide on-site individual and group therapy to help clients grow and heal.

HUSHABYE NURSERY

Maggie's Place is one of only a few shelters that provide housing for women undergoing Medically Assisted Treatment to recover from Substance Use Disorder. Our partnership with Hushabye Nursery ensures that these women receive care and support as they navigate the care of babies born with Neonatal Abstinence Syndrome in a compassionate and judgement free environment.
